

T&D Life Group's Corporate Philosophy, Management Vision and Fundamental Policies

With our "Try & Discover" motto for creating value, we aim to be a group that contributes to all people and societies.

*Corporate
Philosophy*

From the customers' point of view

We aim to be the top insurance company in terms of customer satisfaction by providing the best products and services.

From the shareholders', investors', and market's point of view

We aim to be a major life insurance group with a strong market presence by increasing our corporate value in a steady and sustainable manner by taking on new challenges toward growth.

*Management
Vision*

1. To provide products and services tailored to customer needs accurately and quickly in a kind and polite manner.
2. To maintain and develop the Group management to maximize the individual strengths of each Group company within the Group.
3. To establish an integrated management system of profit, risk, and capital for stable and sustainable EV growth.
4. To achieve the mid- and long-term growth of the Group by expanding the life insurance business and entering into new business areas through alliances and M&As.
5. To fulfill our public mission as a life insurance business and our corporate social responsibilities for the broader society including customers and shareholders.

*Fundamental
Policies*

T&D Life Group's Aspirations for Society

Toward a Society in which People Can Always Live With Peace of Mind

We identify the ever-changing risks of the future and, through the development of innovative insurance products and services, we offer people insurance protection for the future.

Toward a Society in which Everyone Can Work with Enthusiasm

We are working to provide workplace environments that enable every member of our diverse workforce to play a fully active role, in order to drive the sustainable growth of both the Group and society at large.

Toward a Sustainable Society

We are engaged in a wide range of global environmental protection activities, with a view to handing an affluent Earth to future generations of children who will lead the way for tomorrow's society.
